A PREACHER'S EXPERIENCE.

"The first bottle gave me great relief; the second, which I am now taking, has relieved me almost entirely of all unpleasant symptoms, and I feel sure that one or two bottles more will effect a permanent cure. To all ministers suffering from throat troubles, I recommend Ayer's Cherry Pectoral."—E. M. BRAWLEY, D. D., Dist. Secretary, Am. Bapt. Publication Society, Petersburg, Va.

THIS LOCALITY  
Las Vegas, the Chief City  
of New Mexico--Some  
of Her Resources,  
Attractions and  
Advantages.

Las Vegas, meaning "The Meadows," is the county seat of San Miguel county, lies on both sides of the Gallinas river, with its suburbs, has about 10,000 inhabitants.

It has water works, street cars, and an incandescent electric light plant, telephone exchange, Territorial agricultural experiment station, headquarters of the Atchison railway system, New Mexico division, together with railroad machine shops and the largest shearing and dipping plant in the United States.

West of the river, the old town has the quaint and picturesque Mexican appearance—adobe houses, narrow, crooked streets, native people and customs, handicrafts and occupations; but the plaza and the new town, east of the river, constitute a distinctive American city. The streets are wide and well graded, while sidewalks abound, shaded with growing trees. Three parks, filled with grass and trees, add to the beauty and healthfulness of the place. Handsome and well-fitted stores, beautiful residences, and innumerable lawns, set in grass and adorned with shrubbery and flowers, combine to proclaim a cultured community, possessed of all modern comforts and conveniences.

A city hall, three public school buildings, court-house, Masonic temple, opera house, Territorial Normal school and Territorial insane asylum are public buildings, constructed of red brick and white sandstone, unsurpassed in beauty by similar edifices in any town, of equal size, in the States.

An Academy, Seminary, Jesuit college, Convent school, Presbyterian Mission school, Methodist manual training school, Christian Brothers' institute, City high school, three graded public schools, a kindergarten, a commercial school and two music schools, besides several private teachers, are among the educational advantages and facilities.

Las Vegas is the natural sanatorium of the United States, combining more natural advantages than any other place in America. Her thermal waters are the equal of the Hot Springs of Arkansas, while her climate is infinitely superior. There is no malaria, no excessive heat or cold, no gnats, rats or mosquitoes. The air is pure, dry, rarefied, and healthful; the disease is taken in time, the hot waters are specific for liver, skin, rheumatic and blood disorders. The sun will shine nine days out of every ten, the year round. This, with the extreme dryness of the air, caused by the prevailing westerly wind, is a healthful and pleasant climate.

For disturbing the meeting at the Reuben mission, late on Saturday evening, and later on a charge of carrying concealed weapons, Clarence Ham was given sixty days in the county jail by Judge Crawford, down at Albuquerque. He did not like Marshal Farnoff's way of doing business, and was going to show a forcible way of using weapons. He was disturbed in his little plan.

Several cases of scarlet fever are reported to have been fatal in Raton.

Truly Astonishing—Miss Annette N. Moon, Fountain, Minn., says: "Ayer's Cherry Pectoral has had a wonderful effect in curing my brother's childhood of a severe and dangerous cold. It was truly astonishing how speedily it found relief after taking this preparation."

J. M. Ricketts has returned to Clayton, from a visit to Texas.

Not to be Trifled With.  
From the Cincinnati Gazette.  
"Will people never learn that a 'cold' is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little indiscreet exposure and seemingly trifling symptoms. Beyond this there are to-day countless invalids who can trace their complaints to 'colds,' which at the time of occurrence gave no concern, and were therefore neglected. When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effective. 50 cent bottles for sale by K. D. Goodall, Depot Drug Store."

C. C. Pickett, business manager for the Schubert quartette, registered at the San Felipe, in Albuquerque.

Simon S. Hartman, of Tunkalton, West Va., has been subject to attacks of colic about once a year, and would have to call a doctor and then suffer for about twelve hours as much as some do when they die. He was taken recently just the same as at other times, and concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I took one dose of it and it gave me relief in five minutes. That is more than any thing else has ever done for me." For sale by K. D. Goodall, Depot Drug Store.
